

Durable and Adaptable

Still the premier expandable pop-up frame on the market! Network's[®] all-metal frame is known for its rugged durability. The entire system... frame, magnetic rails, lights and pedestal kit ... fits neatly into a patented, portable All-in-One case that is UPS and FedEx shippable.

Expandable for larger booths. Choose many different shelving options for product display or backlit panels for eye-catching impact as shown in the top photo.

FEATURES:

- All metal construction for greater durability
- One frame converts from flat to curved
- Polarized magnetic infills provide structural strength and precise panel fit
- Adjustable feet for added stability and wire management
- Hardware is separated from graphics reducing possible damage
- Complete 10' display packs into one rolling case
- Case converts into podium

MORE THAN A DOZEN STYLES:

NETWORK[®] POP-UP 97000
starting at: \$1,850

Change and Grow with Network.

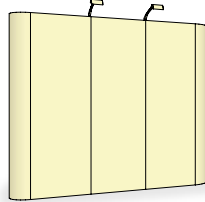

Add a section to your height or width. Network is designed so that the modular frame can be expanded, reduced or reconfigured. Change it from a flat to a curve to an S-curve. Or build it into a breathtaking arch that towers above. The configurations are endless.
