

## Original 8+<sup>®</sup> Folding-Frame Display

### The Ultimate in Flexibility

Let your story unfold dramatically with the Original 8+<sup>®</sup>, the world's first folding-frame display system. Original 8+<sup>®</sup> is so flexible its only limitation is your imagination. No other system combines elegance and function like the Original 8+<sup>®</sup>.

Sophistication. Strength. Versatility. O8+<sup>®</sup> is the standard by which all other open frame systems are measured.

#### FEATURES:

- Durable anodized aluminum frame that simply flips up and unfolds into place
- Twin channel frames connected by a 360° stainless steel blade hinge
- Frames can accommodate everything from graphic or fabric panels, to slatwall, gridwall, pegboard, and laminates
- Slider rail makes changing the panels in the frame fast and easy
- Display can be finished on both sides

MORE THAN A DOZEN STYLES
