## REFLECTIONS 95404

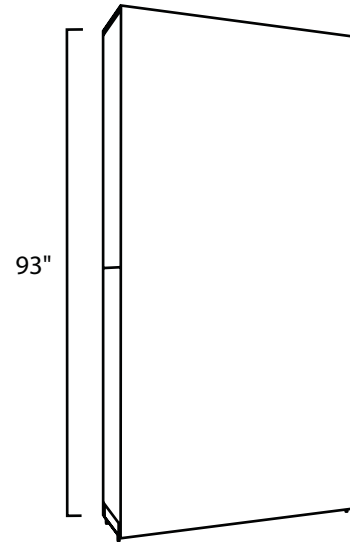

STANDARD BODY 46"  
REFLECTIONS LAYOUT

45.75" TRIM SIZE

$5/8" + 5/8" = 1.25"$   
BLACK BORDER  
AND REQUIRED BLEED

Reflections graphics are created as a single large graphic. It is important to include a 1.25" solid black border around your art. 5/8" of this border will print on the graphic and give it a sharp professional edge that will be under the magnetic strip used to attach the graphic to the display.

The second 5/8" of the 1.25" border is the required bleed for the cutting process ensuring the edge of the graphic is black.

This black border also prevents light seepage from the lightbox adding to the finished look.
